

## Rest in You

### Verse 1

Em                    C                    G                    D  
My faith has found a resting-place, not in device nor creed;  
Em                    C                    G                    D  
I trust the Ever-living One, His wounds for me shall plead.  
C                    G                    Em                    A  
I need no other argument, I need no other plea,  
C                    G                    D                    C  
It's enough that Jesus died, and that He died for me.

### Chorus 1

G                    D                    C                    G  
I will follow You all of my days, in all of my ways  
D                    C                    G                    Em                    C                    D  
You fill up my life with everything right    -    You are my resting place, O Lord –  
Em                    C                    G                    D  
My full assurance of faith; I will rest in You, I will rest in You  
Em                    C                    G                    D  
All of my days, in all of my ways; I will rest in You, all of my days

### Verse 2

Em                    C                    G                    D  
Enough for me that Jesus saves, this ends my fear and doubt;  
Em                    C                    G                    D  
A sinful soul I came to Him, He'll never cast me out.  
C                    G                    Em                    A  
I need no other argument, I need no other plea,  
C                    G                    D                    C  
It's enough that Jesus died, and that He died for me.
